Final Newsletter 2019

### **Mobility Programme for students in Tunisia and Alger**

SMWeld has successfully organized mobility for University students in Alger and Tunisia to Europe. Partnerships in Sweden, Germany, Spain and Portugal are available for distinct engineering courses. While this projects time is about to end, networking within the South Mediterranean and European Universities have been established, providing further internationalisation experiences for Northern African Students. This programme represents a growing empowerment of the South Mediterranean industry. SMWeld has been a key enabler to attain the desired results.

### **Inauguration of SMWeld Welding Centre (CTMC)**

**25th September 2018, Béni Amrane (Tunisia)**

The Technical Center for Metal Construction (CTMC), belonging to the IMETAL GROUP, has organised the SMWeld Welding Centre Opening Ceremony on the 25th September 2018 in Tunisia. The event was hosted by Mr SAADI, CTMC Director, and gathered

representatives from International Welding Industry, representatives from EWF and European Universities. This event constituted an important milestone for the Implementation of Quality Training in South Mediterranean countries, in the framework of the SMWeld project.

## Staff Mobility to Algeria and Tunisia

April 2019 Alger

On the latest staff mobility within the SMWeld sphere enabled a representative of the European Federation for Welding, Joining and Cutting to attend Sfax and Tunes to discuss several questions around the state of the industry in Tunisia and Algeria. The first day at "Chambre De Commerce et Industrie" representatives of the partners SOCOMENI, University of Sfax, Chambre du Commerce Sfax and EWF gathered to discuss the International Welding Engineer Qualification in Tunisia. The following days were spent discussing further possible implementations and integrations of the EWF/IIW Qualification System within the South Mediterranean region in Tunes.
